About

Introducing you to Reishi and its benefits

Reishi is a mushroom belonging to the Polyporaceae, and known by its scientific name, Ganoderma lucidum. The highly prized Bracket fungus Ganoderma mushroom has over 2000 years of recorded usage by ancient China and Japan. Currently in Japan, the artificial cultivation techniques are well established has become the finest available Ganoderma.

Triterpenoids and β -glucan is a major component, in addition to plant sterols, amino acids and minerals. KENREISHI CO. LTD. is committed to making high-quality Ganoderma based on the latest technology and research; and continuously strive to establish a safer and more health beneficial cultivation of Ganoderma strains. Consult us for a live testimony as to how KENREISHI Reishi has benefited us and how it could benefit you as well.

Safety and Quality Certification

KENREISHI is certified by the "Japan Health Food & Nutrition Food Association" (JFHA) certification mark, and only products that have passed a strict examination is permitted to display of the quality mark as shown above.

Testimonials

東京都 女性 30代 (Female in her 30s' living in Tokyo, Japan)

私の母が長年愛飲しておりまして私も分けてもらい飲んでいきます。風邪をひきそうな時、疲れている時に本当に助かっております。効き目を実感しながら日々過ごしています。

"My mother and I have been taking KENREISHI for many years. KENREISHI has been really beneficial to our health and well-being. We also feel less tired and a lot more energetic. We can feel the effects that KENREISHI gives us everyday"

青森県 女性 70代 (Female in her 70s' living in Aomori, Japan)

健麗芝がなくなると何となく不安になってしまいます。10年以上飲んでいきます。血圧が高めで心臓の動悸もあり、自律神経にも悩まされていますが、大事に至らないのは続けて飲んでいくからだと思います。

"I have been taking KENREISHI for more than 10 years, and I'm cannot imagine if there is no KENREISHI. It has maintained my high blood pressure to a normal level, along with my irregular heart palpitations. Taking KENREISHI has benefited me and I plan to keep on taking it."

熊本県 男性 80代 (Male in his 80s' living in Kumamoto, Japan)

毎日忘れずに飲んでいきます。体調はとても良く、同窓会の世話やボランティア活動などで多忙な日々を送っています。これからも飲み続けたいと思っています。

"Since taking KENREISHI, my overall health condition has improved and I now busy myself in more volunteering activities. My energy level has improved tremendously since taking KENREISHI. "

Helena, female in her 60s' living in Singapore

"I've had a long history of ailments from Adults Stills Disease, Arthritis, High Blood Pressure, Slipped Discs and has not gotten better with prescribed conventional medication, in fact it made me even more ill...Since taking KENREISHI, it's been a world of difference on my health and overall well-being...I now feel more energetic, my joints don't hurt, and I'm able to do a lot more things like normal"

Mark, male in his 30s' living in Singapore

"I was skeptical at first but since taking KENREISHI, I took feel a difference in my energy levels and well-being. What was most noticeable was that my old sports injuries that had been nagging me are no longer an issue. Additionally, my morning sinuses which caused me much annoyance have disappeared."
